Dear Bro. Tim & Church,

Your contribution of \$150 has been gratefully received. Your financial and prayer support are a significant source of blessing and encouragement to us.

Civil war is breaking out in Iraq, Syria, Egypt, and Sudan. Tension is escalating between Iran and Israel. These are indeed violent and perilous times. I have been in communication recently with one of our brothers in Syria who said, "Thank God for the doors He is still opening for us to serve Him even in these unstable and dangerous circumstances. We are still serving Him here and meet new people to tell them about God's love and salvation." A pastor in Egypt told me that it was "hard" there, and that he and his people were "worried." They have to be careful when they meet for services. I received word that two bombs were dropped on South Kordafan in the Nuba Mountain region near Kadugli where we have several churches. Please pray for these people in their distress.

I will especially appreciate your prayers for me when I travel to Pakistan on February 19. I will be speaking at Pastors' Seminars, Church Meetings, and Open Meetings. I am told that there will be 200-300 pastors attending the seminars, and 2,000 people will be attending some of the Open Meetings. These Open Meetings will be evangelistic campaigns. Please pray for the Holy Spirit to work in my heart and in the hearts of pastors, believers, and unsaved people during this upcoming Pakistan trip.

I cannot begin to tell you how vital you are to this ministry, and how greatly you are loved and appreciated as you partner with us in this vital missionary work.

Sincerely,

Sam Stricklin
